## CVP5325IREL-AHD2M/4

### Concept Pro Lite 2MP AHD Fixed External Compact Vandal Dome Camera

The CVP5325IREL-AHD2M/4 model is a 4-in-1 analogue camera that has been designed to deliver the highest image quality for demanding external environments. This weather-resistant compact external dome features a 4mm fixed lens, smart infrared LEDs with 20m illumination range, and provides crisp 2-megapixel video at real-time frame rates with true wide dynamic range and enhanced low light performance. This camera is also designed for excellent compatibility with the Concept Pro range of hybrid digital video recorders.

**True Wide Dynamic Range**

With true wide dynamic range, this camera can capture sharp images throughout the entire field of view, even when there are severe differences between light levels.

**Enhanced Low Light**

This CCTV camera utilises an Enhanced Low Light CMOS sensor with greater light sensitivity, resulting in the camera capturing colour images long after standard CCTV cameras have switched to black & white night mode.

**DC12V Power Output**

This CCTV camera also provides a DC12V 100mA power output that can be conveniently used to power some auxiliary equipment rather than using a separate power supply adapter.
